**Sizes Tolerances:** Thickness or Diameter [-0mm ; +6mm] Length & Width [-5mm ; +15mm]

OptiForm® products are warranted to meet the specifications noted on this sheet.

**Color:** Surface color may vary due to Rod/Sheet thickness. Changes in surface color do not impact the performance of the material.  
 Color is for material identification.

**Internal Voids:** voids are minuscule air bubbles that occur in the manufacturing process. Each part are inspected in quality control. While it is not possible to entirely eliminates these voids CGP Europe warranties each sheet and rod to have no internal voids larger than 3mm and no more than 2 each 30cm between 1mm and 3mm.
